South Bend 24, Indiana

Issued for Information of Producers
Who Are Not Members of Cooperative Associations

Vol. VI, No. 9

September 1962

AUGUST UNIFORM PRICE \$3.96

Dairy farmers will receive a uniform price of \$3.96 for August 1962 deliveries of Grade A milk to handlers under the South Bend-LaPorte-Elkhart, Indiana, milk order. The uniform price is based upon a butterfat test of 3.5 percent, and will be adjusted by a differential of 7 cents for each one tenth percent that tests vary above or below the 3.5 percent standard. This minimum price is subject to a 4 cent per hundredweight marketing service deduction, together with the authorized hauling charge.

PRODUCER RECEIPTS

Daily average producer receipts were down 2 percent from July 1962 and one half percent less than in August 1961. Daily herd production decreased 11 pounds per producer from July 1962, but was 19 pounds per producer higher than in August 1962. There continues to be a decrease in number of producers from last year. In July the decrease was 21 from the year before, and this month it is 24 less than the year before. The average test of producer milk is only 3.63%, approximately the same as the year before and probably the lowest average test for this year.

CLASS I SALES

There was an increase in Class I sales this month over July of 5.6 percent, but a decrease from last year of 1 percent. Class I sales have been slightly less this year each month than they were in 1961, with the exception of June.

BASE REGULATIONS

The new producer status percentages are available for the 1963 delivery periods. All producers requesting "New Producer Status", or having less than 90 days' production received by a handler in the months of September, October, November, and December 1962 will be paid on the following basis:

April delivery period	80% at "base"; 20% at "excess"
May delivery period	76% at "base"; 24% at "excess"
June delivery period	80% at "base"; 20% at "excess"
July delivery period	83% at "base"; 17% at "excess"

All producers who wish to request a "New Producer Status" for their earned base must have their WRITTEN REQUEST in the office of the Federal Milk Market Administrator, P. O. Box 216, South Bend 24, Indiana, by February 15, 1963.

CLASS I PRICE

The Class I price for the September 1962 delivery period will be \$4.30 per hundredweight for 3.5 percent milk. This price was computed by adding \$1.30 per hundredweight to the basic formula price (\$3.04) and subtracting the 4 cent supply-demand adjustment. The supply-demand adjustment for the October delivery period will be a minus 4 cents.
